## EXPERIENCE

### University Tutoring Center, Reno – *PASS Leader*

Jan 2025 – PRESENT

- Hold four 50 minute study sessions per week where students participate in a collaborative setting designed to help them think about chemistry concepts critically
- Work closely with the course professor and other PASS leaders to better improve the sessions that are held

### Residential Life, Housing and Food Services, Reno – *Academic Mentor*

Aug 2024 – PRESENT

- Hold 10 hours of in-hall study hours where residents can drop-in for any help or questions regarding their classes or simply use the space as an environment to study in
- Get to foster an academic community, facilitating peer interactions and providing accessible study support for each resident's diverse educational needs

### University Tutoring Center, Reno – *University Tutor*

Jan 2024 – Dec 2024

- Drove student success through personalized one-on-one sessions, improving academic performance and subject mastery in Chemistry and Calculus.
- Created a personal connection with students which allowed me to create a safe and judgement free learning environment where students could ask questions

## EDUCATION

### University of Nevada, Reno – *B.S. Chemistry*

Aug 2023 – Present

Current GPA: 3.92
